## Dr. Mukesh Batra

L.C.E.H., F.H.M.A. (UK), F.S.R.H. (MED) P. (LOND),  
M.D.H. (U.S.A), F.B.I.H. (U.K.)

Founder – Chairman Emeritus  
Padma Shri Recipient (Medicine, Homeopathy 2012)

The human body is a Pandora's box. While all bodies are made up of bones, muscles, blood vessels, nerves and the mind – what makes each person different is the mind together with a person's individual variations. As every patient is different from the other, treating every patient successfully requires great skill and application of knowledge by the doctor. What is equally important is the patient's involvement and a positive desire to get well.

This book is a compilation of just a few of the many remarkable cases that have been successfully treated by the doctors in our clinics around the world through homeopathy. These include a spectrum of various disorders such as hair loss, skin problems, allergies, breathing disorders, disorders related to mental health among others including some very rare and difficult to treat diseases. Every case is a story of resilience and of overcoming the disease against all odds.

To showcase to the world at large that homeopathy truly works and that the proof is indeed in eating the pudding, this book is just a small taste of what the tiny sweet pills really have to offer.

# Androgenetic Alopecia

## Female Pattern Baldness

## Hair Ailments

### Symptoms

- Experiencing increased hair fall
- Overall thinning across the scalp
- Widening of the hair partition
- Creating a 'Christmas tree' pattern
- Noticeable thinning on the sides and top of the head

### Doctor Speak

As per the Indian Journal of Dermatology, female pattern baldness affects 6% of women across all age groups, with 19.2% having a positive family history. Approximately 13% of women experience baldness before reaching menopause.

### Aim of the Treatment

- Addresses underlying causes for eg: Anemia, PCOS, crash dieting and postpartum issues
- Manages hair loss effectively
- Enhances hair density, volume and texture
- Provides long-lasting results by improving vitamin and mineral absorption

# Patient Speak

**Before**

**After**

**"I used to feel extremely negative about my appearance, the fear of going bald haunted me. Thankfully, after seeking help at Dr Batra's®, I no longer feel negative emotions about my hair and looks; instead, I'm regaining confidence and feeling hopeful for positive results."**

**12 Months, Baner Clinic, Pune**

# Androgenetic Alopecia

## Male Pattern Baldness

### Symptoms

- Significant hair loss
- Receding hairline at the temples
- A bald patch on the top of the scalp
- M shape balding pattern

### Doctor Speak

Around 66% of men experience male pattern baldness by age 35, with 25% face hair loss before 21. A study by A C Nielsen revealed 70% of conventional medicine users consider homeopathy the best solution.

Minoxidil is the most commonly used medicine for hair fall but has side effects. Long-term use of minoxidil leads to scalp itching, excessive hair thinning and shedding after discontinuation, as it can also cause heart-related risk.

### Aim Of The Treatment

- To mitigate hair loss
- Slow down or delay progression
- Promote re-growth in specific cases
- Strengthen hair roots
- No side effects

# Patient Speak

**"I was bald, and it was the primary reason for the delay in marriage proposals. I discovered Dr Batra's® treatments online; my hair began to regrow here, and the renewed confidence led to a wonderful marriage proposal."**

# Alopecia

## Hairfall in Patches

- Alopecia Areata (Hairfall in patches)
- Alopecia Totalis (Total loss of hair on scalp)
- Alopecia Universalis ( Total loss of hair on body)

### Symptoms

- Patchy hair loss
- Smooth, bald patches on the scalp or body
- Hair loss in eyebrows or beard area
- Regrowth of hair, often fine and white initially
- Nail changes, such as pitting or ridges
- Tingling or itching sensations in affected areas

### Doctor Speak

Alopecia areata is an autoimmune disorder causing patchy hair loss and affecting around 147 million people globally. According to a research by the National Alopecia Areata Foundation (NAA), homeopathic treatment exhibits a lower relapse rate of 9.41% compared to 50% with oral immune modulators.

### Aim of the Treatment

- Reduce the formation of new patches
- Control disease spread
- Minimise patch frequency and intensity
- Regulate the hair loss and growth cycle
- Facilitate hair re-growth in patches
- Decrease reliance on topical applications

# Patient Speak

**Before**

**After**

**"One day, I decided to dye my hair, but within hours, bald patches appeared. I tried all forms of treatments, allopathic remedies, sprays, lotions and even wigs. Then, I found Dr Batra's® where I witnessed a remarkable transformation."**

# Pimples (Acne)

## Skin Ailments

### Symptoms

- Whiteheads, blackheads
- Crusting of skin bumps
- Papules, pustules
- Redness around the skin eruptions
- Scarring of the skin

### Doctor Speak

According to the National Centre for Biotechnology Information, acne affects approximately 9.4% of the world's population, with the highest prevalence in adolescents. 85% of people between the ages of 15 and 17 suffer from acne – National Institutes of Health (NIH).

### Aim Of The Treatment

- Balance sebum production
- Promote skin repair
- Minimise flare-ups
- Alleviate intensity and severity of acne
- Address underlying factors like hormonal imbalances (e.g. PCOS) and dandruff for comprehensive care

# Patient Speak

**Before**

**After**

"I started my skin treatment at Dr Batra's® three months ago. **My face was in terrible condition, making me feel self-conscious, as people would look at me strangely.** However, within a week of starting treatment here, I began to notice a significant difference, and within a month, my entire face cleared up. I am extremely happy with my treatment"

# Atopic Dermatitis

(Eczema)

## Symptoms

- Dry, itchy skin with redness
- Occasional oozing of watery fluid
- Chronic scratching and skin thickening
- Crust formation and flaking
- Darkening of skin in long-standing cases

## Doctor Speak

According to the International Eczema Council, a global report on atopic dermatitis published in 2022 says 20% adults and 10% children suffer from atopic dermatitis worldwide.

## Aim of the Treatment

- Alleviate itching and flare-ups
- Reduce intensity, frequency and duration of the complaints
- Limit the spread of the disease
- Stimulate the healing process
- Minimise the need for topical applications
- Holistic approach

# Patient Speak

**Before**

**After**

"I am a security guard and I was suffering from leg ulcers which caused severe pain and discharge, I couldn't even work at my work. I took treatment at Dr Batra's® which healed my ulcers and now, I can walk without pain, thanks to Dr Batra's®."

# Keratoderma

## Symptoms

- Thickened skin (keratosis) on palms and soles
- Frequent red band at the edges of keratosis
- Additional keratotic lesions on hands, feet, knees and elbows
- Excessive perspiration
- Thickened nails

## Doctor Speak

Autosomal dominant in nature, the condition has an incidence rate of 1 in 100,000, impacting both sexes equally, as per findings from the Indian Dermatology Online Journal.

## Aim Of The Treatment

- Reduce keratosis on palms and soles
- Alleviate symptoms like redness and excessive perspiration
- Address additional keratotic lesions on hands, feet, knees and elbows
- Improve nail thickness
- Enhance overall skin health
- Manage symptoms associated with the condition

# Patient Speak

# Dark Patches

(Hyper Pigmentation – Lichen Planus)

## Symptoms

- Purplish, itchy, flat-topped bumps
- On mucous membranes, such as in the mouth, it forms lacy, white patches
- Painful sores
- Darkening of the skin

## Doctor Speak

According to American Family Physician, Lichen planus, a chronic autoimmune inflammatory disease, affects 0.1 to 4 percent of the general population, with a higher prevalence in peri-menopausal women. While it can manifest at any age, the majority of cases emerge between 30 and 60 years old.

## Aim Of The Treatment

- Alleviate symptoms and discomfort
- Control inflammation and preventing flare-ups
- Promote healing of skin and mucous membrane lesions
- Manage the autoimmune response to improve overall well-being

# Patient Speak

“

“I suffered from hyper pigmentation due to extensive sun exposure. I tried numerous treatments, including mesotherapy. I even tried to commit suicide, but Dr Batra's® became my lifeline. Today, free from the burden of darkness, I'm happily employed in Dubai. Thanks to the transformative impact of Dr Batra's® treatment on my life.”

### Symptoms

- Itchy or burning rash
- Appears within hours to 2-3 days after exposure to sun
- Lasts up to 2 weeks, heals without scarring
- Predominantly on sun-exposed areas like head, neck, chest and arms

### Doctor Speak

The prevalence of PMLE is around 10–20% in the general population. It commonly occurs in females between 20 and 30 years of age – Indian Dermatology Online Journal

### Aim Of The Treatment

- Relief from itching and burning
- Reduction in rash severity and duration
- Prevention of recurrent outbreaks
- Improvement in overall skin tolerance to sunlight
- Enhanced quality of life without scarring or long-term complications

# Patient Speak

**Before**

**After**

"I never thought my skin would look like polka dots; it was diagnosed as photodermatitis. I had itching, redness, and painful dry cracks that even bled. I couldn't sleep due to the itching, making my daily routine a struggle. I am thankful to Dr Batra's® for giving me my beauty and sleep back."

# Blisters

## Fluid Filled Boils

### Symptoms

- Presence of blisters on the skin
- Oozing or discharge from the blisters
- Itching and discomfort

### Doctor Speak

The incidence of blisters in military personnel during training varies widely, ranging from 5.4% to 69%. These blisters, caused by friction, can have effects ranging from minor inconveniences to more significant issues.

### Aim Of The Treatment

- Slow down their progress
- Facilitate immediate drainage
- Prevent recurrence

# Patient Speak

Before

 **Ayushi Mishra**  
6 reviews · 8 photos

★★★★★ 16 minutes ago **NEW**

I was suffering with skin allergy initially so I came to the Dr. Batra for medication and treatment process. The doctor was very considerate and recommended me to avoid food items I was allergic to like almonds, oats, raisins etc and in 2-3 months, it got cured. I was also experiencing major hairfall for which the doctor's consultation and medications helped me regain the growth. Therefore, I would definitely suggest Dr. Batra clinics to anyone facing such issues, they have a great help. 🙌🙌

After

**"Allergies to almonds, raisins, and oats posed a challenge for a fitness enthusiast like me. However, eliminating them from my diet wasn't a solution. Thanks to Dr Batra's® sweet pills, my allergies have significantly decreased, and I am now allergy-free."**

# Asthma

## Symptoms

- Wheezing
- Shortness of breath
- Chest tightness

## Doctor Speak

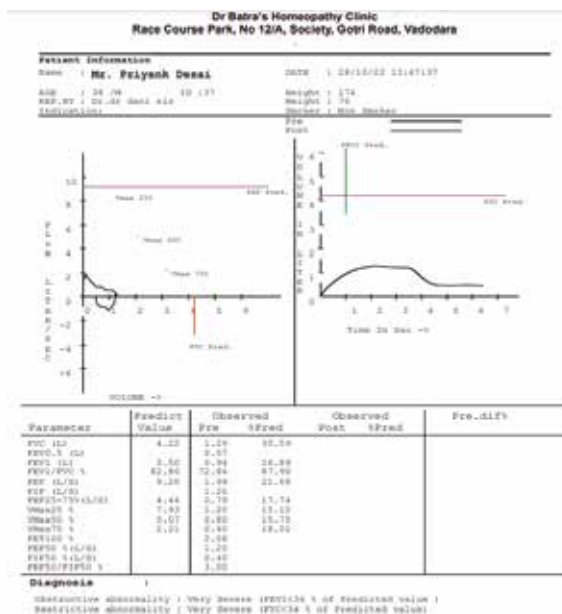

Asthma mainly activates when triggered by allergens, infections or emotional disturbances. Homeopathy strengthens lung capacity and prevent frequent attacks as well as reduces dependency on conventional medication.

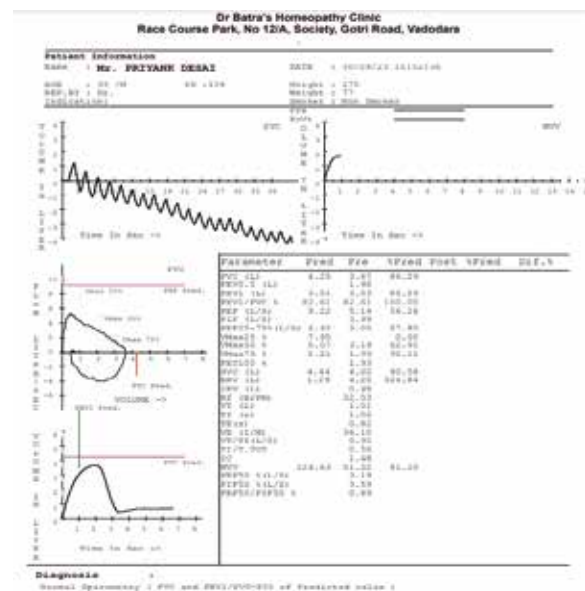

## Aim Of The Treatment

- Homeopathy helps in reducing the airway inflammation and hypersensitivity
- Reduces as well as prevents bronchospasms
- Improves lung function
- Strengthens respiratory system which lowers down recurrence

# Patient Speak

# Autism Spectrum Disorder

## Symptoms

- Social Challenges
- Repetitive Behavior
- Communication Difficulties
- Sensory Sensitivities

## Doctor Speak

Autism is common in school going children age 2 – age 9 , where 1 out of 89 Indians suffer from this disorder - JOURNAL OF COMPREHENSIVE HEALTH

## Aim of the Treatment

- Behavioral Therapy
- Skill Development
- Social Integration

# Patient Speak

Birth Admission.

• Childhood Autism Rating Scale (CARS-2)

**Behavioral Observation:**

The boy is partially unresponsive for the assessment. He has less eye contact. Rapport could be established with difficulty. He has no communication skills to say speak to himself. He knows few common things and expresses only his requirements. Basic concepts are not yet developed.

• On Childhood Autism Rating Scale-2 he scored 32.5, indicator of Mild to Moderate Autism Features.

Category	Score	Category	Score
Relating to people	2.5	Taste, Smell and Touch Response & Use	2.0
Imitation	2.0	Fear & Nervousness	2.5
Emotional Response	2.0	Verbal Communication	2.0
Body Use	2.0	Nonverbal Communication	2.0
Object Use	2.5	Activity Level	2.5
Adaptation to change	2.5	Level and Consistency of Intelluctual response	1.5
Visual response	2.0	General Impression	2.0
Listening Response	2.5		

Total Score = 32.5

Description- Mild to Moderate Autism Features

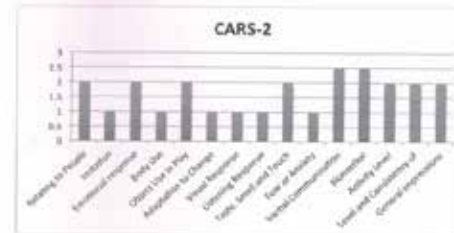

15-29 Non-Autistic; 30-36 Mild- Mod Autistic; 37+ Severely Autistic

APRIL 21-  
CARS Score- 32.5  
Mild to moderate Autism

**Before**

## 4. Childhood Autism Rating Scale -2: This test taps on the severity of Autistic features a child.

Anusky's score on CARS-2 is 25 which falls into the 'Minimal-to-No Symptoms Autism Spectrum Disorder' category. The following is the table showing the scoring CARS-2 graphically.

Anusky presents with following features as represented by the graph:

- **Relating to People:**
  - He has fleeting eye contact and responds to his name only when called by family members.
  - He occasionally seems lost in presence of others and is less involved in his surroundings.
  - He has limited peer interaction.
  - He greets others but only with consistent prompts from family.
  - He follows commands (70%).
- **Emotional Response:**
  - Anusky recognizes anger in others, however, has difficulty in understanding other emotions.
  - He responds to praise, however, does not understand criticism.

APRIL 22-  
CARS Score- 25  
Non Autistic

**After**

"As a parent, I enrolled for various therapies for autism, including speech and occupational therapy. But, the true transformation occurred with Dr Batra's® homeopathy, bringing about remarkable and evident results. Today, my child is non-autistic, thanks to the effectiveness of homeopathic treatment."

# Erythema Multiforme

## Symptoms

- Sudden appearance of red patches and blisters, commonly on palms, soles and face
- Formation of flat, round red targets with purple-grey centers
- Itching, cold sores and fatigue
- Joint pains
- Fever may also be experienced

## Doctor Speak

Erythema multiforme is a rare disorder that slightly affects more males than females. While it can start at any age, it's most prevalent among children and young adults, as stated by the National Organization of Rare Diseases.

## Aim of the Treatment

- Alleviate symptoms such as red patches, blisters and itching
- Promote healing and prevent recurrence
- Provide supportive care for associated symptoms
- Address underlying causes and triggers

# Patient Speak

**Before**

**After**

"I was suffering from multiple eruptions on my face, shoulders and back, accompanied by intense pain and itching. Despite seeking treatments from numerous dermatologists, nothing seemed to provide relief. Thanks to the care at Dr Batra's® I found relief from my distress."

# Hyperkeratosis

## Symptoms

- Thickening of the skin
- The development of corns and calluses
- Typically occurring on the palms, knees or bottom of the feet
- Pain and immobility
- Rough and dry scaly patches of skin
- Flat or slightly raised bumps

## Doctor Speak

According to the Journal Of Foot And Ankle Research, Hyperkeratotic lesions, such as calluses and corns, are widespread among community-dwelling older individuals. The prevalence ranges from 33% to 68% in those aged over 65 years. These skin conditions are shared among the elderly, necessitating attention and management.

## Aim of the Treatment

- Decrease recurrence of hyperkeratotic lesions
- Alleviate pain or discomfort associated with calluses and corns
- Promote overall foot health and mobility
- Enhance skin texture and reduce the thickness of affected areas

# Patient Speak

"I visited the clinic with eczema on both my soles and palms, persisting for two years. **My skin gradually became thick and dry, and the allopathic doctor was unable to resolve the problem of the side effects of modern medicine.** Dr Batra's® successfully resolved it within 12 months."

# Impetigo

## Symptoms

- Red sores or blisters
- Burst and develop honey-colored crusts
- Itchy rash
- Contagious
- Swollen lymph nodes
- Fluid-filled blisters
- Painful or tender
- Yellowish-brown crust over the affected areas

## Doctor Speak

Over 162 million children worldwide suffer from impetigo. Mainly in tropical and resource-poor areas  
Estimation based on studies since 2000 in low and low-middle income countries - PLOS ONE study

## Aim of the Treatment

- Decrease recurrence of impetigo
- Promote complete healing of skin lesions
- Prevent complications and secondary infections
- Relieve symptoms like itching and discomfort
- Improve overall skin health

# Patient Speak

**Before**

**After**

**"My son was suffering from painful, crusty and scabby lesions with bloody discharge and severe itching all over his abdomen and extremities for weeks. Despite visits to various hospitals, the condition worsened, spreading to his legs and hands. Fortunately, with homeopathic treatment at Dr Batra's® clinic, the lesions cleared within just 2 days."**

# Infertility

## Symptoms

Inability to conceive

## Doctor Speak

Blocked fallopian tubes are a prevalent cause of infertility, hindering the meeting of sperm and egg. The incidence of fallopian tube blockage as the cause of infertility ranges from 12% to 33% in women. Annually, more than 12 to 18 million couples in India are diagnosed with infertility.

## Aim Of The Treatment

- Reduces adhesions
- Corrects hormonal imbalance
- Promotes natural ovulatory cycle
- Increases chances of conception

# Patient Speak

**"My husband and I struggled with infertility and invested lakhs of rupees on IUI and IVF treatments. However, with homeopathy treatment at Dr Batra's®, without costly expenses, we were blessed with a baby boy, bringing immense joy and relief to our lives."**

# Learning Disorder

## Symptoms

- Difficulty with reading, writing or math
- Poor attention span and easily distracted
- Challenges with organisation and time management
- Struggles to follow instructions or complete tasks
- Difficulty understanding or remembering information

## Doctor Speak

According to UNESCO – In India, the prevalence of Learning Disorders (LD) is estimated to be around 10 to 12% among school-going children. This implies that, on an average, there are about four children with LD in a typical Indian classroom.

## Aim Of The Treatment

- Enhance cognitive abilities
- Improve academic performance
- Develop effective learning strategies
- Boost self-esteem and confidence
- Facilitate adaptive learning skills

# Pediculosis Capitis/Lice

## Symptoms

- Itching on the scalp
- Visible lice or nits (lice eggs) on the hair strands
- Red bumps or sores on the scalp or neck
- Irritability or difficulty sleeping due to itching

## Doctor Speak

A observational study done on school going girls in Tamil Nadu found out 21% of them were affected with pediculosis capitis  
-INDIAN JOURNAL OF PEADIATRIC DERMATOLOGY

## Aim Of The Treatment

- Eradicate lice infestation
- Remove nits (lice eggs) from the hair
- Relieve itching and irritation
- Prevent further infestation and recurrence

# Patient Speak

**Before**

**After**

"I sought help at Dr Batra's® for severe hairfall, dandruff and a significant infestation of lice and nits after having neglected my hair for over seven months. **The condition included an offensive smell and bleeding during hair combing, causing emotional distress, sleep loss, and even suicidal thoughts.** Fortunately, after just 2-3 months of consultation and treatment at Dr Batra's®, all my complaints were resolved. Now, my scalp is clear, and my hair looks shiny, showcasing the effectiveness of Dr Batra's® treatment."

# Lymphadenopathy

## Symptoms

- Swelling or enlargement of lymph nodes
- Tenderness or pain in the affected areas
- Redness or warmth over the swollen nodes
- Hard or rubbery texture of the nodes
- Fever or night sweats in some cases

## Doctor Speak

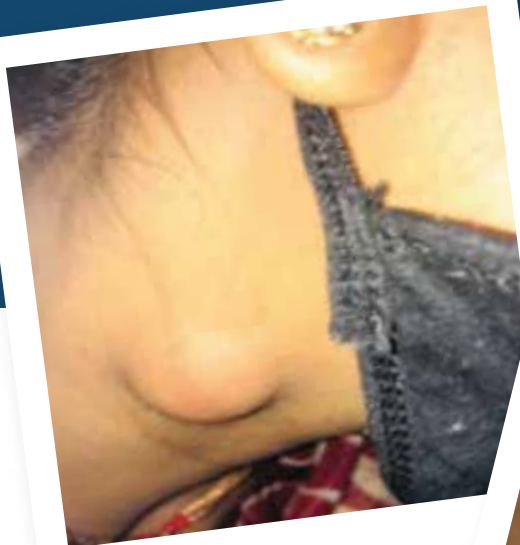

According to the American Family Physician, the annual incidence of unexplained lymphadenopathy is 0.6%. Only 1.1% of these cases are related to malignancy, but this percentage increases with advancing age.

## Aim Of The Treatment

- To mitigate hair loss
- Slow down or delay progression
- Promote re-growth in specific cases
- Strengthen hair roots
- No side effects

# Patient Speak

## Symptoms

- White patches on the tongue, inner cheeks, gums, or throat
- Redness or soreness in the affected areas
- Difficulty swallowing or a sensation of having a lump in the throat
- Cracking and redness at the corners of the mouth
- Loss of taste or altered taste sensation

## Doctor Speak

The oral carriage of *Candida* organisms is reported to be 30–45% in the general healthy adult population (Frontiers in Microbiology).

## Aim Of The Treatment

- Eliminate the fungal infection
- Relieve symptoms such as pain and discomfort
- Prevent recurrence of oral candidiasis
- Promote overall oral health and hygiene

# Patient Speak

**Before**

**After**

"My one-year-old son was facing difficulties in eating, and despite seeking treatment from pediatricians' there was no improvement. Excessive salivation and difficulty in swallowing affected his appetite. Thanks to Dr Batra's®, the condition was successfully treated and my son's eating habits have significantly improved."

# Plasma Cell Cheilitis

## Symptoms

- Swelling and redness of the lips
- Cracking or fissuring of the lips
- Burning or itching sensation
- Oozing or discharge
- Persistent inflammation of the lips

## Doctor Speak

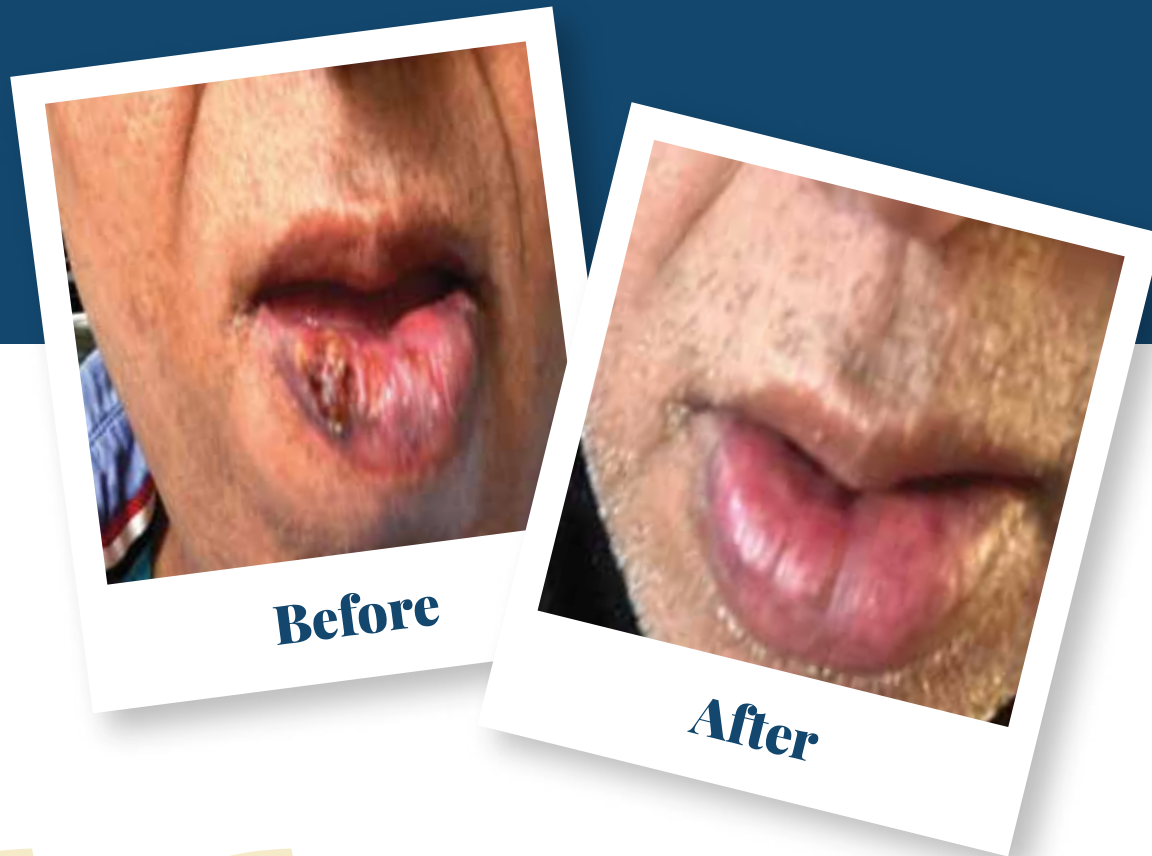

Plasma cell cheilitis (PCC) is a rare, idiopathic, inflammatory disease affecting the lips. It is characterised by histological findings that show a dense infiltration of plasma cells in the papillary dermis of the mucosa.

## Aim Of The Treatment

- Reduce inflammation
- Alleviate symptoms
- Promote overall lip health

# Patient Speak

**“Enduring a persistent lower lip ulcer for 2 years, my daily activities like eating and talking became uncomfortable, with bleeding and pus formation on contact. Despite trying various treatments, there was no improvement. Thankfully, the treatment at Dr Batra’s® initiated healing within the first month, providing relief from the rare condition diagnosed as Plasma Cell Cheilitis.”**

### Symptoms

- Infertility
- Acne
- Hair loss
- Weight gain or obesity
- Hirsutism: Increased hair growth on the face, chest, stomach, back, thumbs or toes
- Cysts on the ovaries (immature eggs)
- Absent, infrequent and/or irregular menstrual cycle

### Doctor Speak

PCOD is one of the leading causes of poor fertility among women, affecting approximately 5-10% of women between the ages of 18-44. One in 10 women suffer from PCOS.

### Aim Of The Treatment

- Restore hormonal balance
- Normalise menstrual cycle
- Mitigate symptoms such as weight gain, acne and hair loss
- Prevent complications like infertility

# Patient Speak

"I was suffering from acne, hirsutism and irregular periods. Daily facial shaving and difficulties in conception added to my struggles. However, with homeopathic treatment, I experienced positive changes—my menstrual cycle regulated and unexpectedly, I discovered ovulation. By the third month, a joyous surprise awaited me as a positive pregnancy test and ultrasound defied my earlier expectations. Thank you Dr Batra's®."

# Pneumonia

## Symptoms

- Cough with greenish, yellow or bloody mucus
- Fever, sweating and chills
- Shortness of breath
- Rapid, shallow breathing
- Sharp or stabbing chest pain worsening with deep breath or cough
- Loss of appetite, low energy, and fatigue

## Doctor Speak

The global occurrence of community-acquired pneumonia is estimated to range from 1.5 to 14 cases per 1000 person-years.

## Aim Of The Treatment

- Resolving infection
- Alleviating symptoms
- Preventing complications
- Promoting overall recovery

# Patient Speak

# Prurigo Nodularis

## Symptoms

- Itchy nodules or lumps on the skin
- Intense itching
- Scarring from repeated scratching
- Dark spots or hyperpigmentation in the affected areas

## Doctor Speak

Prurigo nodularis (PN) is estimated to affect about 72 out of every 100,000 people in the U.S., according to Cleveland Clinic.

## Aim Of The Treatment

- Reduce itching associated with Prurigo Nodularis
- Prevent the formation of new nodules
- Promote healing of existing nodules
- Manage underlying causes contributing to the condition
- Improve overall quality of life for the patient

# Patient Speak

**Before**

**After**

"I was dealing with annoying skin issues like itching, rashes, and dryness. The persistent rashes and lumps had bothered me since childhood. Despite seeing various doctors, I couldn't find a solution. However, after coming to Dr Batra's® clinic, my condition has significantly improved."

**9 Months, Bikaner Clinic, Rajasthan**

# Respiratory Allergy

## Symptoms

- Sneezing
- Runny or stuffy nose
- Itchy or watery eyes
- Coughing
- Wheezing
- Shortness of breath
- Chest tightness
- Fatigue
- Nasal congestion

## Doctor Speak

Respiratory allergies arise when the immune system negatively responds to specific substances like dust, pollen or certain animal hair. These allergies are prevalent and can manifest at any age, with the body reacting against particular allergens.

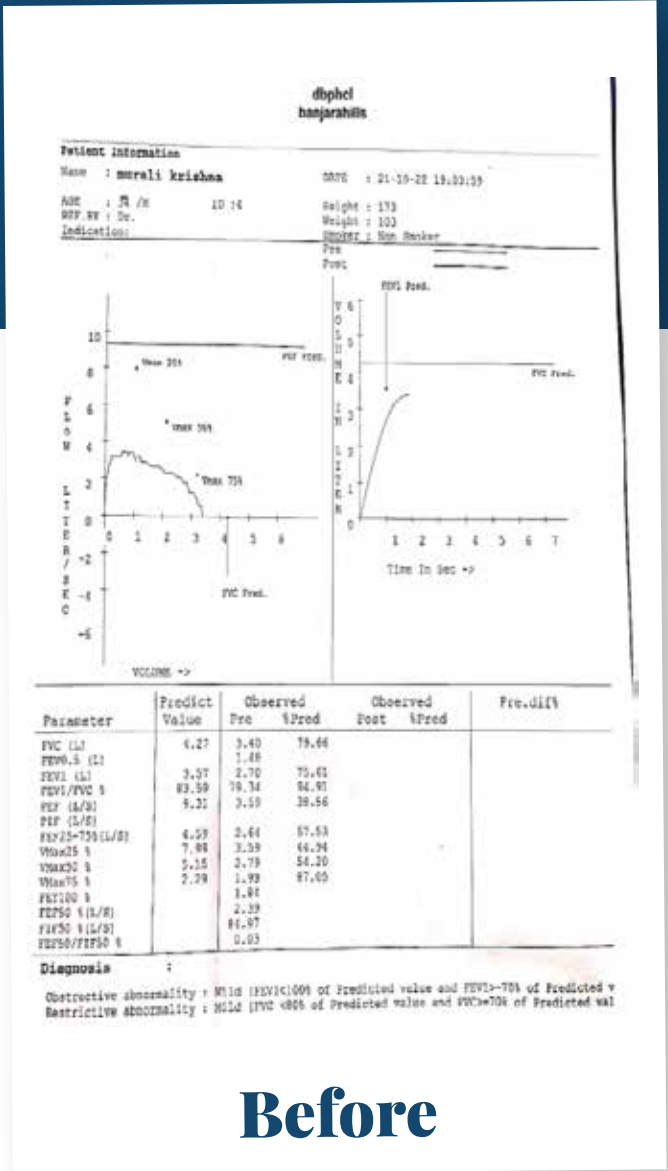

## Aim Of The Treatment

- Symptomatic Relief
- Allergen Avoidance
- Medications
- Immunotherapy
- Tailored Treatment
- Regular Monitoring

# Tonsilitis

## Symptoms

- Sore throat
- Swollen tonsils
- Fever

## Doctor Speak

- Recurrent tonsillitis can weaken the immune system and affect overall health
- Homeopathy improves the body's defense mechanism, reducing swelling, and preventing the need for surgical removal of tonsils

## Aim Of The Treatment

- Reduces tonsil inflammation and prevents pus formation
- Controls recurrent infections
- Addresses chronic illnesses to cold

# Patient Speak

**"I was suffering from frequent illness and sore throat, at times my parents told me that I used to keep my mouth open and sleep. Multiple times I took antibiotics and nasal sprays but the tonsils never went away. One of our relative recommended for homeopathic treatment at Dr Batra's®, here since the day I have started taking medicines I have not got a single episode of sore throat or tonsillitis."**

# Thrombocytopenia

## Symptoms

- Decreased platelet count
- Easy bruising
- Bleeding tendency
- Bleeding gums

## Doctor Speak

Homeopathy helps in strengthening overall immunity which increases platelet production and arrests destruction, which is beneficial to manage thrombocytopenia

## Aim Of The Treatment

- Homeopathy aims to stimulate bone marrow which in turn enhances platelet production
- Controls bleeding tendency and prevents further platelet destruction
- Improves overall blood quality and immunity

# Bullous Pemphigoid

## Symptoms

- Formation of skin blisters
- Release of fluid or oozing
- Itchy sensations

## Doctor Speak

Research indicates that the incidence of bullous stands at 23 cases per million in the general population. However, this figure experiences an exponential surge, reaching 312 cases per million in individuals aged over 80 years.

## Aim of the Treatment

- Reduce oozing of skin and itching
- Control blister formation
- Prevent recurrence and scarring

# Patient Speak

**Before**

**After**

**"I was drained out by extensive water boils on my trunk, legs and hands, accompanied by redness all over my face. The severe burning and itching made it challenging to wear clothes or go anywhere. However, after taking homeopathic treatment, everything has cleared up within a year and i am free from the distressing symptoms."**

### Symptoms

- Painful sores
- Difficulty swallowing
- Changes in speech

### Doctor Speak

Mouth cancer typically presents with symptoms like persistent sores, pain and difficulty in swallowing or speaking. Early diagnosis and treatment are crucial for a better prognosis.

### Aim of the Treatment

- Alleviate these symptoms
- Improve overall well-being
- Support the body's natural healing process

# Patient Speak

**Before**

**After**

**"I was suffering destruction of my hard palate and degenerative changes in my spine. Despite being on allopathic treatment and chemotherapy, I was in so much pain that I couldn't speak, smell, eat or sleep. After starting treatment at Dr Batra's®, the lesions began to reduce, and I was able to speak and eat again. I'm very happy with the progress and hopeful about continuing to get better."**

# CSF Rhinorrhea

## Symptoms

- Clear Nasal Discharge
- Headache
- Taste Changes
- Infection Risk

## Doctor Speak

According to research study from Science Direct Spontaneous CSF rhinorrhea is rare, representing only 3% to 4% of all cases. Head trauma accounts for 80% of cases and the remaining 16% are iatrogenic in origin.

## Aim of the Treatment

- Leak Repair
- Meningitis Prevention
- Symptom Relief

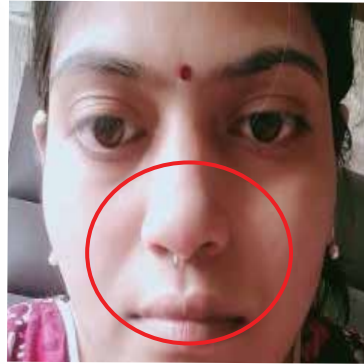

# Patient Speak

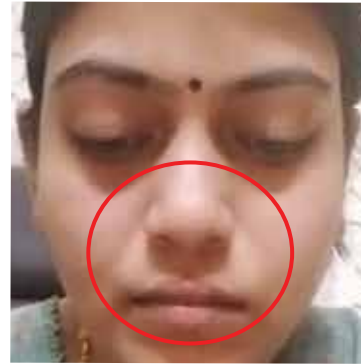

## Before

Nasal drip every 5 seconds

## During Treatment

Nasal drip every 2-4 minutes

## During Treatment

Nasal drip only on stooping

## After

Completely recovered

"I visited the clinic with a concern of persistent clear watery fluid draining from the nose. In 2019, a trauma to the left eye led to CSF leakage from the left nostril after two months, causing discharge even while sitting or lying down.

A neurosurgeon recommended craniotomy. But, in 2020 an MRI revealed CSF leak due to increased ICP. The treatment at Dr Batra's® successfully helped my conditions, avoiding the need for surgery."

# Diabetic Wet Gangrene

## Symptoms

- Swelling, discolouration and warmth around the wound
- Foul-smelling discharge seeping from the wound
- Pain and firmness when the wound is touched
- Fever and chills in advanced stages of foot ulcers

## Doctor Speak

Diabetic ulcers, with a prevalence of 2% among diabetic patients, manifest as open sores or wounds, occurring in about 15% of individuals with diabetes, often found on the bottom of the foot. Approximately 6% of those affected will require hospitalisation due to infections or other complications related to the ulcers.

## Aim of the Treatment

- Natural healing of the wound
- Improvement in vascular blood flow
- Prevention of complications such as gangrene and impending amputation
- Management of blood sugar to aid healing and prevent infection

# Patient Speak

**Before**

**After**

**"I was suffering from a non-healing wound on my right foot due to long-standing diabetes, enduring the challenges of allopathic treatment. Thankfully, after turning to homeopathy at Dr Batra's®, my leg was saved from amputation in just 15 months."**

**Sent:** 03 May 2023 18:03  
**To:** drlakshmi.engineer@drbatras.com  
**Cc:** Manjusha Sanjay  
**Subject:** For Dr. Batras (Dr. Laxmi's treatment and advice)

Hello, This email is a brief report about my health condition

- I was having a mild Thalessemia, During the study of my blood tests and MRI liver scan, there was some excess iron in my liver which could lead to complications in the future, if not an immediate concern for my health.
- So, as there was a need for a treatment for removal of excess iron stored in the liver, the specialist (Haematogy department) in the UK they recommended and prescribed Allopathic medication for Chelation of Iron deposits in my liver, to prevent adverse conditions in the future.
- I got a sudden gall stone attack in the month of January 2023. I was hospitalized

## PATIENT SPEAK:

I am happy with Dr. Batras treatment in the care of Dr. Laxmi who is treating me very well. Homeo medicines makes me feel healthy and avoids the apprehension of the after effects of an Allopathic treatment.

**The fear has been greatly mitigated (Allopathic side effects on kidneys) and my confidence on Homeo medication is boosted, thus increasing my confidence level of improving my health and getting better and better each day.**

# Juvenile Xanthogranuloma

## Symptoms

- Yellow or orange-brown nodules or bumps
- Skin lesions on the skin, eyes or internal organs
- Typically benign and may resolve on its own

## Doctor Speak

Juvenile xanthogranuloma may be present at birth (in about 10%) but most often arises in infancy.

## Aim Of The Treatment

- Monitor and observe
- Surgical excision for symptomatic or disfiguring lesions
- Regular follow-up
- Monitoring and managing complications

# Patient Speak

**Before**

**After**

"Our 1.5-year-old child battled with multiple skin lesions accompanied with bloody discharge. Initially diagnosed as **Molluscum**, the dermatologists suggested laser treatment, but Dr Batra's® in-house specialist identified it as juvenile xanthomagr anul os um. Seeking an alternative to surgery, we turned to Dr Batra's® and after three years of treatment, our child is lesion-free. Grateful for the effective and non-invasive solution provided by Dr Batra's®."

# Mammary Fistula

## Symptoms

- Persistent drainage or discharge from the breast
- Presence of an abnormal opening near the nipple
- Recurrent infections in the breast tissue
- Pain or tenderness in the affected breast
- Swelling or redness around the nipple or areola

## Doctor Speak

Mammary fistulae, a rare complication arising from breast infection, is reported to occur in 1–2% of women experiencing mastitis, as indicated by the European Journal of Breast Health.

## Aim Of The Treatment

- Close Fistula
- Prevent Recurrence
- Manage Infections
- Pain Relief
- Improve Breast Health

# Patient Speak

**Before**

**After**

**"Suffering from recurrent breast abscesses and enduring frequent surgeries, I chose homeopathy after two years of allopathic treatment. Within months, the abscess frequency drastically reduced, leading to complete recovery in less than a year. Dr Batra's® homeopathy not only eased physical suffering but also lifted me out of depression, proving to be a transformative blessing in my life."**

# Multiple Sclerosis

## Symptoms

- Fatigue
- Numbness or weakness, in one or more limbs
- Tremors or lack of co-ordination
- Problems with balance and gait
- Blurred or double vision
- Tingling or pain in certain areas of the body
- Difficulty with concentration and memory
- Issues with bladder or bowel function

## Doctor Speak

Multiple sclerosis (MS) is a neurological disorder that is chronic and often a disabling condition. Worldwide, an estimated 1.8 million people grapple with the challenges posed by multiple sclerosis.

## Aim Of The Treatment

- Symptomatic Relief
- Rehabilitation
- Supportive Care

# Patient Speak

**Before**

**After**

**"My 2-year-old son was facing diminishing vision, limb numbness, severe itching and intense twitching pain. The allopathic solution suggested a lifelong steroid we couldn't afford. Turning to Dr Batra's®, we witnessed a remarkable improvement in just 15 days. Our child experienced reduced pain, less numbness and fewer episodes of electric shocks. Dr Batra's® has been a true blessing."**

# Tolosa Hunt Syndrome

## Symptoms

- Chronic periorbital headache
- Double vision
- Paralysis (palsy) of certain cranial nerves
- Chronic fatigue

## Doctor Speak

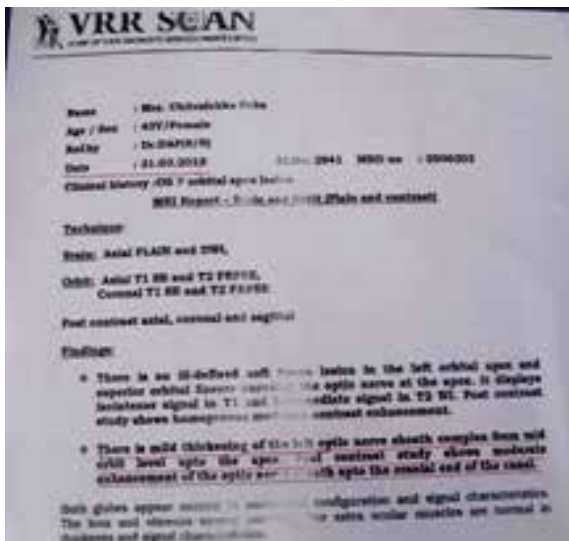

Tolosa-Hunt syndrome is rare with an estimated annual incidence of one case per million per year

## Aim Of The Treatment

- Symptomatic relief through pain management
- Reduce inflammation
- Immunomodulatory therapy to modulate the immune response
- Regular monitoring and adjustments in treatment as needed

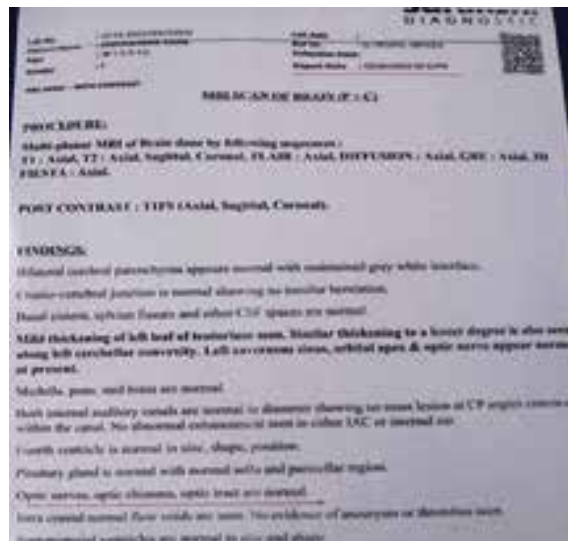

# Patient Speak

MRI - 31.3.15

Mild thickening of the left optic nerve sheath complex from mid orbit level up to the apex. Post contrast study shows moderate enhancement of the optic nerve sheath up to the cranial end of the canal

# Before

MRI -3.1.22

Optic nerves , optic chiasma, optic tract,  
left cavernous sinus , orbital apex appear normal

## After

**“Facing eye disturbances, lacrimation, blurriness, vision blackouts and pain, I repeatedly checked my eye numbers to no avail. Eventually diagnosed with Tolosa-Hunt Syndrome through an MRI, surgery was recommended for optic disturbances. Dr Batra’s® homeopathic intervention proved to be a boon, avoiding surgery and yielding normal MRI results.”**

# Wilson's Disease

## Symptoms

- Swelling
- Fatigue
- Abdominal pain
- Uncontrolled or poorly co-ordinated movements

## Doctor Speak

- Wilson's disease is a rare genetic disorder affecting 1 in 30,000 to 40,000 people worldwide.
- It involves excess copper accumulation in the body tissues, especially the liver, brain and corneas.
- The condition, if untreated, can lead to liver disease, central nervous system dysfunction and death.

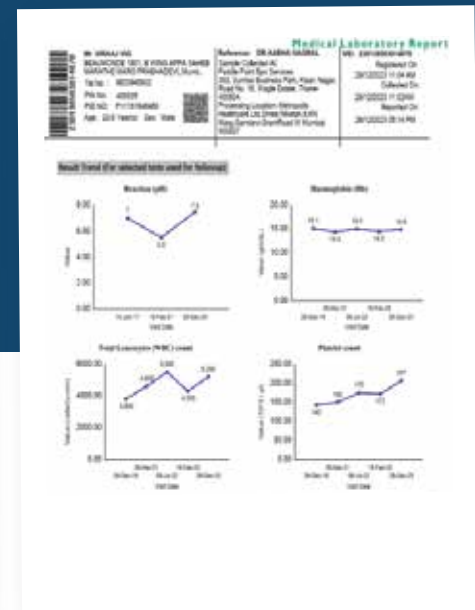

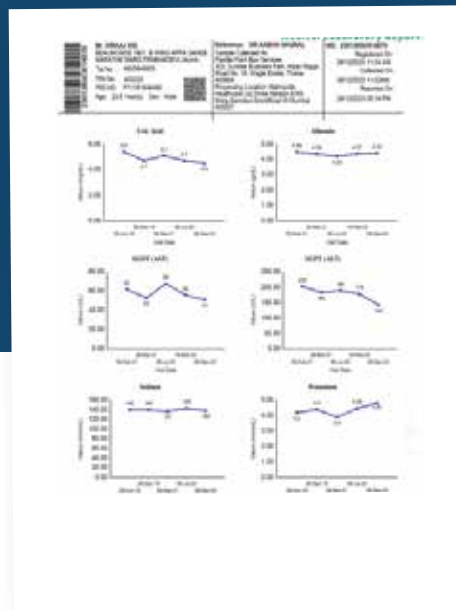

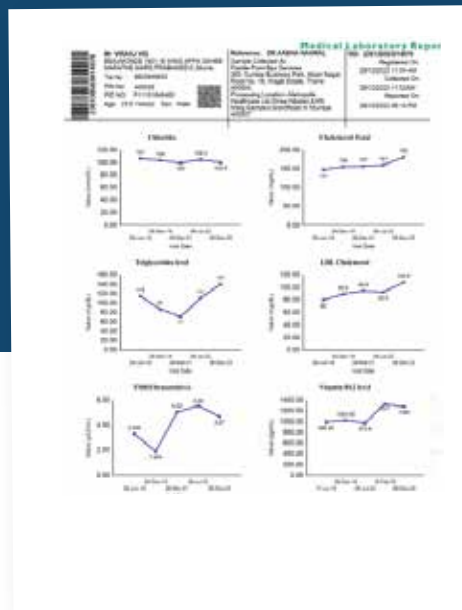

## Aim Of The Treatment

- Control of symptoms
- Reduces the chances of complication
- Improves quality of life

# Patient Speak

- Tiredness
- Weakness
- Jaundice
- Was unable to play
- Didn't want to go out

- Energetic
- Healthy

Before

After

“

Initially apprehensive about sending our son to school, we, as parents, witnessed a remarkable transformation in him after treatment at Dr Batra's®. He has now gained significant confidence, embarking on studies abroad and committing himself to working diligently for 14 to 16 hours each day.”

# Synopsis

Discover the transformative power of homeopathy with the second edition of "Cured Cases" by Dr. Mukesh Batra, a pioneering figure in modern homeopathy. This compelling collection features 128 real-life cases from patients around the world, showcasing the remarkable effectiveness of homeopathy in treating a wide range of ailments from chronic diseases to acute conditions.

Dr. Mukesh Batra's profound expertise and innovative approach have revolutionised homeopathic medicine, bringing it into the 21<sup>st</sup> century with a blend of traditional wisdom and modern technology. As the founder of Dr Batra's® Group of Companies and an esteemed recipient of the Padma Shri award, Dr. Mukesh Batra offers unique insights into the healing potential of homeopathy, grounded in decades of clinical experience and rigorous scientific methodology.

Each case in this edition is a testament to the personalised and holistic care that defines homeopathy. With an emphasis on patient stories and outcomes, "Heal with Homeopathy" not only serves as an educational resource for healthcare professionals but also as an inspiring guide for anyone interested in the benefits of homeopathy.

This book serves as your guide to exploring and embracing the gentle yet effective practice of homeopathic medicine.

# About the Author

**Padmashri, Dr. Mukesh Batra is the Founder, Chairman of Dr Batra's®**

**Healthcare**—The world's largest chain of over 225 homeopathy clinics across 6 countries. His Foundation helps the underprivileged with free homeopathy treatment at over 175 clinics and offers scholarships to unaffordable students in 10 of India's leading homeopathy colleges. Dr Batra has authored 10 best-selling books on homeopathy with international publishing houses. A play 'Jeena isika ka naam hai' based on his life by Yatri Productions ran to full houses in Delhi and Mumbai.

His teachings have been recognised by granting him Honorary Fellowships at Homeopathy colleges in California, USA and London, UK. He is also a Patron of the Trichology Society U.K., one of the world's oldest hair specialist institutions.

Dr Batra is a member of the national task force and the co-chair for AYUSH – Homeopathy, of the Confederation of Indian Industry (CII) an advocacy body. He is a member of the advisory board of the Chamber of Fair Business Practices (CFBP). He has recently been elected as the President of SKAL Mumbai– South, an industry body of hospitality. Dr Batra has been former chair of health and wellness of the Indian Merchant Chambers (IMC). He has been the president of the Rotary Club of Bombay, a premiere rotary club in South East Asia. He is collaborating with different state governments through his foundation to improve the quality of health care in India and to realise his dream of a Bimari Mukta Bharat.

Dr Batra was recently awarded the Hon. Doctorate of Letters (D. Litt) from the Kalinga Institute of Social Sciences, Orissa. He is also the recipient of the Padmashri, one of India's highest civilian awards in 2012 for Medicine – Homeopathy by the President of India, in recognition of his work for Homeopathy globally.
